

# Double Action Checklist

## Location:

Slip S-7  
701 Casino Center Drive  
Hammond, IN 46320

When you get to the security gate, tell them you are with Slip S-7, the Dive Boat and drive all the way down near the Casino Parking garage. Parking is Free as long as you mention you are with us! Our slip is located at the last gate. Grab a cart, and load all your equipment up and come down to the boat. Be sure to return your cart before the boat leaves the dock.

Be sure to leave plenty of time to travel to the Marina. You will want to be there at least 30mins prior to the departure of the boat. Remember, being late may get you left at the dock with no refund and being early gets you first pick at a seat on the boat.

## Things to bring:

- BCD
- Regulator
- Weights
- 2 Tanks
- Mask
- Fins
- Boots
- Snorkel
- Exposure Protection
- UW Camera
- Dive Lights
- Food/Drinks
- Be a self-sufficient diver
- Save a Dive Kit
- Hood & Gloves
- Wreck Reel
- SMB
- C- Card
- Cutting Device

## Notes:

Be sure to have all equipment you need to dive and do NOT rely on equipment to be on the boat. You may want to bring Dramamine or Sea Sickness pills as the lake can make people who “have grown up on the water” end up feeding the fish. You want a fun trip and sea sickness is NO FUN. Please also dress for the weather. The lake can be cold, hot, rainy, or dry and you will be miles from shore so come prepared and check the weather reports. Please also respect the size of the boat and only bring things that you may need and pack small. Checking your equipment 2 nights before your dives is highly recommended to ensure you have everything you need and it is working properly. Bring your Certification Card on EVERY Double Action Dive Trip. No card, No dive. This is for the Coast Guard and we are strict on this rule! Be sure you are diving within your training. You are responsible for having the proper certification for the diving you will do. (deep, wreck penetration, drysuit, night). You should also not be trying out new equipment or making equipment changes. These are the dives you bought the best equipment for and the reason you did all your training. This is not the time to learn how to use your gear or do these dives (unless you are doing training with an Instructor).

Make sure that you have the proper certifications for the dive you are planning. **Plan your Dive and Dive your Plan!**

Not being able to dive due to a forgotten mask or other equipment is not grounds for a refund. Refunds will ONLY be given if there is an issue with the boat or weather. Rain does not cancel a trip, only the captain does. The crew will be working hard to make sure you have a great trip on the Divers Dream and tips are accepted if you feel warranted.

Get ready to have a great time diving some of the best wrecks in the Southern part of Lake Michigan!
