

Alma - Milwaukee Checklist

Location:

318 S. Water St
Milwaukee, WI 53204

When you pull into Jerry's Dock, the name of the marina, you will Drive down and pull all the way to the back of the boat yard. Once there, you will see the boat right there on the water, a very short distance. Grab your gear, and head on over to the boat, and your Captain will be awaiting!

Be sure to leave plenty of time to travel to the Marina. You will want to be there at least 30mins prior to the departure of the boat. Remember, being late may get you left at the dock with no refund and being early gets you first pick at a seat on the boat.

Things to bring:

- BCD
- Regulator
- Weights
- 2 Tanks
- Mask
- Fins
- Boots
- Snorkel
- Exposure Protection
- UW Camera
- Dive Lights
- Food/Drinks
- Be a self-sufficient diver
- Save a Dive Kit
- Hood & Gloves
- Wreck Reel
- SMB
- C- Card
- Cutting Device

Notes:

Be sure to have all equipment you need to dive and do NOT rely on equipment to be on the boat. You may want to bring Dramamine or Sea Sickness pills as the lake can make people who "have grown up on the water" end up feeding the fish. You want a fun trip and sea sickness is NO FUN. Please also dress for the weather. The lake can be cold, hot, rainy, or dry and you will be miles from shore so come prepared and check the weather reports. Please also respect the size of the boat and only bring things that you may need and pack small. Checking your equipment 2 nights before your dives is highly recommended to ensure you have everything you need and it is working properly. Bring your Certification Card on EVERY Double Action Dive Trip. No card, No dive. This is for the Coast Guard and we are strict on this rule! Be sure you are diving within your training. You are responsible for having the proper certification for the diving you will do. (deep, wreck penetration, drysuit, night). You should also not be trying out new equipment or making equipment changes. These are the dives you bought the best equipment for and the reason you did all your training. This is not the time to learn how to use your gear or do these dives (unless you are doing training with an Instructor).

Make sure that you have the proper certifications for the dive you are planning. *Plan your Dive and Dive your Plan!*

Not being able to dive due to a forgotten mask or other equipment is not grounds for a refund. Refunds will ONLY be given if there is an issue with the boat or weather. Rain does not cancel a trip, only the captain does. The crew will be working hard to make sure you have a great trip on the Alma and tips are accepted, if you feel earned.

Get ready to have a great time diving some of the best wrecks in Lake Michigan & Lake Huron!
